

TESTING WHOLE BLOOD DONATIONS FOR COVID-19 ANTIBODIES THROUGH 10/31

HELP SUPPORT GLACIER PEAK BAND BOOSTER

The fall season will look different to us all – from being indoors more than we anticipated to how we spend the holidays. There is a lot that is unknown as we head into a new season. But there's one thing that we can do to help one another get through this – give blood. BloodworksNW has partnered with the Glacier Peak Band Booster to help encourage blood donations during this difficult time

Book your appointment now to donate by October 31 and we'll test your donation for antibodies which are a key component of the immune system that appear in blood after fighting an infection – to identify people who may be able to donate to our convalescent plasma program and help COVID-19 patients directly. Your test results will determine if you were exposed and infected with SARS-CoV-2 (COVID-19), whether you realized it or not. Donors will be notified of the results by mail within two weeks of donation.* Everything you need to know about COVID-19 antibody testing is on our [website](#).

All donations are by appointment only. The one hour donation appointment is a safe and essential action to support local hospitals and patients. The pop-up centers are being conducted in accordance with social distancing guidelines. No walk-ins, guests, or people under age 16 are permitted onsite. All donors are required to wear masks or face coverings during their appointment. Bloodworks has posted information addressing questions and concerns for blood donors at bloodworksnw.org/coronavirus. To make your appointment, call 1-800-398-7888 or visit schedule.bloodworksnw.org.

* Please do not call for test results because our contact center cannot provide results over the phone. Please confirm we have your up-to-date address,

"Just a note of thanks for your selflessness at this point in the world craziness. I recently needed seven pints for an emergency actions to save my life. It weren't for you I'd be dead today. Thank you for taking the time and caring enough about strangers like me like me. Keep safe always."
